SUBJECT: Response to HPSCI question on 1983  
FOIA requests

1. As you may recall, several staff members of the House Permanent Select Committee on Intelligence (HPSCI) were briefed by the Directorate of Science and Technology on 9 August 1983 concerning FOIA legislation now before the Congress in the proposed bill, HR 3460. The HPSCI staff raised a question as to how many FOIA requests the DDS&T had received in 1983. I have provided the attached question and answer in this regard based on information contained in the Information and Privacy Division and in coordination with the DDS&T Information Review Officer.

2. This information is provided to you if it is still needed by the HPSCI staff in their discussions concerning HR 3460. Please contact this office or the DDS&T Information Review Officer, [REDACTED] if further amplification of this matter is needed.
